Desc. : The egg contains the past, present and future, the unknown and the new, the desire to stay in its cocoon and of breaking its shell, the mystery of a hidden life and the strength to reveal ... It is a world unto itself, which can remain so, but if it breaks, reveals another world ... The egg is not an object is a conceptual reality, which takes us from the embryo to be, from the origin to become the dream of what we would like to be the present . It is the symbol of fertility, physically and spiritually, fertility of the mind and body, containing the life of life, leading to the development ...
