Desc. : Looking at this painting, someone could see the "night patrol" of Rembrandt painted on a rock surface of a cave, someone else could see an abstract painting with many colors here and there that luckily resulted in that classic piece of art (as, according to the theory of chaos, a chimpanzee pressing randomly the keyboard of a typewriter has the possibility to write Shakespeare) some other could see a detritated cave painting of Altamira, which when Rembrandt faced it with its mat colors, he painted his classical work.
